OUR TECHNOLOGIES

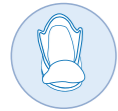

WIDE FIT
With generous space and ample comfort. Perfect accommodation for wide feet.

REMOVABLE INSOLE
Allows washing and replacing with another insole recommended by your orthopedist.

ZIPPER
Easy-to-wear shoe with a customized fit and practical design.

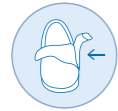

WIDE OPENING
With a wide opening on both sides to facilitate foot entry.

FOAM INSOLE
Lightweight insoles that provide soft and cozy steps.

FLEXIBLE SOLE
Extremely flexible rubber sole that provides effortless mobility.

ADJUSTABLE STRAP
Customizable fit with adaptable comfort and versatile style.

ULTRA LIGHTWEIGHT
With advanced lightness and EVA technology (200g), for effortless smooth steps.

NON-SLIP
Footwear with reliable grip, resistant to slippery or wet floors.

VELCRO
Functional design, instant practicality, and easy adjustment.

IMPACT ABSORPTION
Technology that relieves pressure in the heel area.

ANTISTATIC
Technology that prevents static electricity discharges.

WASHABLE
Washable up to 30°C. Ideal for keeping the footwear clean.

STERILIZABLE
Footwear designed to be washable up to 134°C, ensuring constant hygiene.

BREATHABLE
Made with airy materials, keeps feet cool and prevents odors.

CERTIFIED PRODUCT
The product meets quality and safety requirements established.

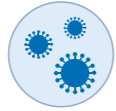

LEATHER
Durable and comfortable footwear, made from 100% genuine leather.

LYCRA
With flexible Lycra, providing a perfect fit and dynamic comfort. Ideal for feet with bunions.

SUSTAINABLE
An eco-conscious choice, using recycled materials and ethical production.

ANTIBACTERIAL
Contains protection against germs, fungi, and bacteria, promoting hygiene and comfort.

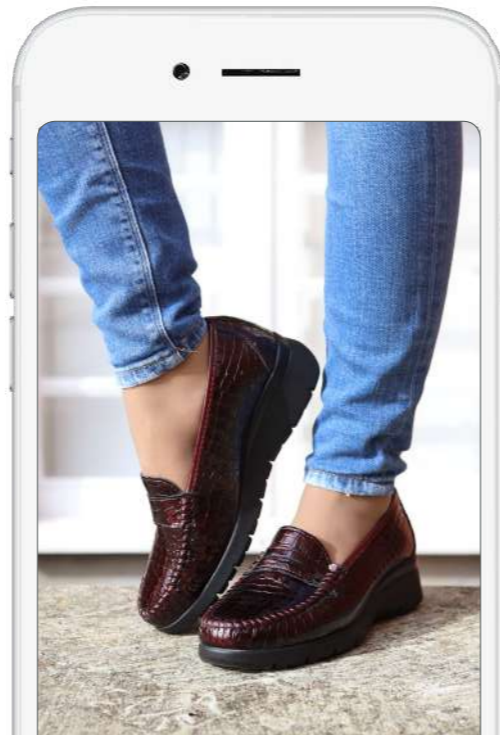

CORK
An eco-friendly range with natural lightness, using 100% natural cork.

ORTHOPEADIC FOOTWEAR

Medicinal and orthopedic footwear for prolonged use, intended for patients whose foot anomalies require specific support or adjustment that cannot be provided by regular footwear, yet does not justify the assignment of custom-made therapeutic shoes.

CONFORT

The modern and elegant designs of this collection reflect the latest fashion trends without compromising on comfort. Neutral colors and discreet details add a contemporary touch to our models, allowing you to stand out confidently while enjoying footwear that cares for your health.

We care for your feet's health!

EASY ENTRY FOOTWEAR

Designed to facilitate the process of putting on and taking off shoes. They feature characteristics that simplify the act of wearing them, such as:

- Velcro straps or elastic bands that allow for quick and easy adjustment of the footwear.
- Laceless design, eliminating the need to tie shoes.

HARVILLE | Black | 35-42

SNEAKER LINE

LEATHER SHOES

Genuine leather shoes are appreciated for their quality and durability. Made from natural leather, Medicomfort sneakers offer several distinct advantages. Genuine leather is known for its strength, providing shoes with a long lifespan. It is flexible and moldable, allowing shoes to conform to the shape of the feet, ensuring unmatched comfort. Its breathability is another significant advantage, helping to keep feet cool and dry.
